Customer Reviews

Includes 42 mountain biking rides near Colorado Springs and Pike's Peak, Colorado.

Not sure who does the rating system on this book, but some trails they list as harder I think are easy, and some easy trails I found to be a lot harder.

Fat/Trax:Colorado Springs is a must if you like to mountain bike and enjoy great views. Whether you are a resident or visitor to the area, this book provides everything you'll need to know about riding the trails in the region except for the current weather conditions...also a must. From novice to

expert, there is something to be found for all skill levels in the trails listed in Fat/Trax. Trails defined in this book range from the "just on a whim-'cause the weathers so nice" 45 min. ride to the "better pack some food, water, and a bed-roll" overnighiter. Sized for the trail, easy to follow, and priced right, this one inspires all skill levels to saddle-up and "crank" out a most enjoyable ride.
