# Study Guide For EPA 608 Universal Certification: Simple Study And Review To Pass The EPA 608 Universal Certification Test

## **Synopsis**

Many of the current review guides on the market are too expensive or too thorough to be considered an easy or simple review guide. This guide is here to fill that gap. The quick and concise guide is designed for students and technicians who have previous experience in refrigeration and just need a quick and straightforward refresher to pass the EPA 608 Universal Certification Test. If you have never studied refrigeration and are looking to this guide to pass the test, it will be very difficult. Refrigeration is a highly technical field of study and requires extensive study and experience to master. It is recommended to take courses at your local trade school or read a more extensive book to better understand refrigeration, before attempting to take the EPA 608 Universal Exam. There are few practice questions throughout the exam, because of the vast amount of resources on the internet with practice test questions and practice exams. This will make the Easy EPA 608 Universal Certification Test Study and Review Guide easier to follow and allows for it to be much cheaper than other review guides. The Easy EPA 608 Review Guide is broken down into 4 sections; Core, Type I, Type II, and Type III. Each section will touch on the important concepts for passing the exam. There is absolutely no guarantee that you will pass the test. This is a refresher review guide that will help organize and prepare you for the test. It is highly recommended to take a practice test online before taking the actual exam. IF THE BOOK WORKS WELL FOR YOUR, PLEASE LEAVE A REVIEW!!!

## **Book Information**

File Size: 2730 KB

Print Length: 51 pages

Publisher: WebStyley.com; 1 edition (November 19, 2015)

Publication Date: November 19, 2015

Language: English

ASIN: B0189E6FO8

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Not Enabled

Lending: Not Enabled

Screen Reader: Supported

Enhanced Typesetting: Enabled

## Customer Reviews

Easy read easy to follow charts an overall simple study guide i do recommend it if you already have priir knowledge

a good study guide covers all you'll need

It's not good for the Universal. Only for the core at best...
