Customer Reviews

At last, Year Two has arrived. This second installment is every bit as creative and original as the first. I hesitate to even hint at spoilers (even though most of you have read all the trades), so I won't discuss the content of the book other than to say it is positively perfect. Jonathan Hickman has continued the story of the apocalypse in a logical, yet unpredictable way. This is definitely an edition to have on your shelf. Also, I would certainly recommend reading the first volume before moving on to this one. Although this is a great story, even standing alone, it is much better enjoyed after having read the first book in the series. Finally, sells this for \$20 less than MSRP, so this is definitely the place to get it. Unless of course you want to support your local comic shop; there's no shame in that.

If you're buying this book, you're more than likely caught up on the story. Let. Me. Tell. You. It only gets better. Year 2 has a much greater emphasis on Babylon's arc, which makes for an exciting and engaging read. I can not stress the value of this book enough. There are just so many beautiful pages, filled with articulate, meaningful dialogues. If you love East of West, add this to your

collection and support some great comic makers.

I loved the art and the story, the book still going strong if you still didn't start with East of West what are you waiting for ?

Hickman and Dragotta continue to impress in EOW: Year Two. The pacing is fast, the art is gorgeous, and the colors leap off the pages. Easily one of Image's best ongoing titles; if you're a fan of sci-fi, westerns, fantasy, adventure--or any sub-genre of the latter--pick up this book!

Great read. Amazing binding. Goes well with my Year One!

East of West is a must have for any comic book fan.

Still difficult to follow the story completely but getting the general gist. This is quite involved but interesting nonetheless. The character of Babylon is developed as he learns the skills to survive. The various powers form alliances but betrayal is also in the air. The Chosen gather together to hear the Message with dire consequences. I find this series interesting and engaging even if I don't follow everything that's going on. It's well-written and the artwork is easy on the eye, clear and well-executed. At 400+ pages, this takes time to read. There is probably more volumes to come.
