Customer Reviews

Easy read and quite informative. Well organized and easy to focus on areas of most interest to each individual.

Great book. I traveled around Budapest for over a week on her advice. Highly recommended. Especially taking the free walking tour at the beginning. I felt very comfortable on my own in Budapest (other than the roving bands of men on Bachelor party weekends. But they were pretty avoidable. She may not be aware of them.)

I haven't taken my trip yet, will do so in Sept 2017. This gave me a lot of good information. I'll use this as a resource while on my trip.

Somewhat helpful, but missed some important points. But perhaps since it was written some things have changed.

This book was very unhelpful and disappointing. It didn't offer more than a couple of site descriptions, nothing on hotels and restaurants and about a third if it was in Rome. Consequently I missed several important sites in Budapest.
