# The Complete Works Of Florence Scovel Shinn (Abridged Edition)

## Synopsis

[Read by Cary Valentine] Florence Scovel Shinn profoundly altered the approach to personal growth and spiritual exploration. This collection features all four of her classic works, offering a wealth of affirmations and success stories. *The Game of Life and How to Play It* : First published in 1925, *The Game of Life and How to Play It* has inspired thousands of people to find a sense of purpose. Florence Scovel Shinn asserts that life is not a battle but a game of giving and receiving. Whatever we place into the world will eventually be returned to us. This audiobook will help listeners discover how the mind plays a leading role in the game of life. *Your Word Is Your Wand* : *Your Word Is Your Wand* contains powerful affirmations that will help listeners obtain what they want in life and banish what they don't. As applicable today as it was in 1928, this critical guide has been a resource for many people seeking to improve their situations and conditions. *The Secret Door to Success* : Florence Scovel Shinn established herself as one of the most practical prosperity writers of her era. *The Secret Door to Success* is a series of talks and lectures given by Shinn that will show listeners how to discover the secret knowledge of success through the power of spiritual law. *The Power of the Spoken Word* : Words are powerful, life-changing tools. By focusing our attention on how we speak and think, we can change our lives for the better. *The Power of the Spoken Word* emphasizes the importance of affirmations to help listeners make the positive changes they've always wanted to make.

## Customer Reviews

"By studying and practicing the principles . . . one may find prosperity, solve problems, have better

health, achieve personal relations -- in a word, win the game of life.” --Norman Vincent Peale, bestselling author of *The Power of Positive Thinking*, on *The Game of Life and How to Play It* “The Game of Life and How to Play It” helped me crystallize my own thinking and moved me forward on the path to where I am today.” --Louise Hay, bestselling author of *You Can Heal Your Life*, on *The Game of Life and How to Play It*

Florence Scovel Shinn (1871-1940) was an American artist and book illustrator who became a New Thought spiritual teacher and metaphysical writer in her middle years. In New Thought circles, she is best known for her first book, *The Game of Life and How to Play It*, self-published in 1925. *Your Word Is Your Wand* was published in 1928 and *The Secret Door to Success* in 1940. *The Game of Life and How to Play It* includes quotes from the Bible and anecdotal explanations of the author’s understanding of God and man. Her philosophy centers on the power of positive thought and usually includes instructions for verbal or physical affirmation.

This book came to me in a mysterious way and man, am I ever glad I bought it. Where has this been? And first published in the 1920’s. Florence Scovel Shinn was a master of spirituality. Her writings clicked my fifty-nine-year old lifetime of studying spirit, together. Her works are positive, support real Truth and cut to the chase. EVERYBODY, I hope you read this book. It would help our world at a most critical time - we need Light and Love people putting their talents and interior, spiritual skills, their MINDS into action. I’ve never found a better written version - a more useful version - of how our minds operate and respond to our instructions - and the CHOICE to select who’s issuing the orders. Fabulous. I am most grateful! Leapin’ Lizard

A compilation of books & articles written, published in the first half of the 20th century. She was a professional artist/illustrator, and one among a group of writers, speakers, who considered themselves "Truth teachers." Collectively, they may be characterized as presenting a very positive, affirmative, view of Scripture. They tended to emphasize the empowering messages, but dug much deeper than simply "self esteem" as many current materials do. A hallmark of this trend was also understanding the "mind," & intuition as facets of human life to be noted, trusted, and respected as sources for the work of the Holy Spirit as taught by Christianity. She makes a very clear distinction between "karma" and the redeeming work of Jesus Christ, which overcame all sense of being victimized by circumstances. Wish it were possible to adequately convey how life changing these concepts are when fully understood. Shinn is a down-to-earth and worthy starting place.

Florence Scovel Shinn was a healer who was kind enough to share her knowledge with us. This book has 4 of Florence's books in them, from the 1920's to 1940. There are so many insights, and concepts, and a-ha moments! This is a spiritual book, not a religious one. It doesn't matter what religion you are, or are not. I read this book, and I will read it again and again. There is always something new to learn that I didn't catch the first time. I've given this book as gifts to loved ones. They've gotten a lot out of it, too. I highly recommend this book. It's one of my favorites! For anyone who is a Louise Hay fan, Louise read the first book (in this book of 4) back in the 1970's and it changed her life. It's changed mine, too!

I gave it to my best friend in 1980 and she reminded me about it a couple of weeks ago. Whoa - I was living a lot of this, but I had totally forgotten about the book. So happy to have it again that it almost scares me, the thought of never coming across it again. I would highly recommend it to people who are not necessarily formally religious, but who are very spiritual. Especially if you were brought up Christian.

Although these books were written many years ago, they have great relevance today. Everyone should read these books to improve your life. I am a more positive person because of them and strange little miracles are happening to me every day. Positive affirmations and following these wise words have lead to strange things such as my bank sending me a few hundred dollars they had inadvertently over charged me.

Good Book. Need to read several times to really get all the good nuggets . This was a woman before her time.

I chose this book because I wanted to know why some people seem to always have good fortune and others don't. I wish I had this book 20 years ago but this is the right time for the universe to bring it into my experience. I like this book because the author speaks plainly in a language that everyone can understand. I finally understand how to change my life for the better by thinking and speaking it into existence. Read this book if you're seriously willing to make the commitment to get rid of your negativity, griping and complaining. Read Louise Hay's book "You Can Heal Your Life" as a follow-up. Good Fortune is on it's way to you. Enjoy!

It is an excellent book to read and re-read as many times as it takes for the concepts to sink down into our brain. The book is really a volume that includes four books by Florence Scovel Shinn. I recommend this book to all who can read, any age. Maybe one has to be at least 15 years old.
