Customer Reviews

this book has everything a tourist needs - info on how to get there/around, interesting places to visit with detail information on opening hours and tickets, where to chill out, etc.i like the info on public transport best - it is essential to help you navigate this fascinating but somewhat confusing city

It is an orderly book, although it could have been still more exhaustive. Informative and useful for my stay in KL, with enough references - something that is essential in this somewhat confusing city.

Excellent updated review!

Absolutely useless :(

This book is concise and well-organized. Contains lots of useful details, yet the "straight-to-the-point" writing style makes it very easy to read and understand.
