No Other Highlander (The McKennas)

Synopsis

Scottish Highlands, 1334: The McKenna clan flourishes under a family of warriors, fierce and righteous, faithful to their own until the last. But to produce an heir, the widowed eldest son must risk his heart again . . .

— Lady Joan Armstrong Fraser was once the indulged and pampered daughter of a laird. But marriage to a brute changed her. When he sets her aside, she has only her wits and her beauty to protect herself and her child from the chaos of her former home. She will have to find another husband—

— a man whose strength is more than a weapon against the weak. A man she can trust . . . if such a man even breathes.

— Sir Malcolm McKenna has known Lady Joan since her childhood, a spoiled princess as dangerous as she is lovely. But when she steps forward to protect him against a false accusation, he discovers a character stronger than he guessed—

— and an attraction he yearns to explore . . .

— Praise for Adrienne Basso—

— *The Highlander Who Loved Me*—

— “In this sensitive, compassionate romance that will touch those who savor second-chance romances, Basso showcases love’s power to erase the horrors of the past.”—

Customer Reviews

This book was a first from this author. At first it dragged. She developed plot at a slow pace and the plot didn't start revealing or start to happen until the exact middle of the book. After that things picked up and the final plot was revealed or solved. I thought it was a weak ending and plot. Or maybe a sweet ending and weak plot. It's somewhere in the middle there. I thought the plot could have been better or more dramatic. Over all I did enjoy this book. This review is from someone who is not familiar with her writing style but it's just my first impression. Great book to read...just get through the drag & u will good. Very sweet & very romantic book i'll give her that for sure.

This book pulled me in from the very beginning. The story was fast paced and held my interest. Malcolm's mischievous little daughter was adorable. The characters were strong and very likable. Hoping for another installment in this series.

A very good romantic story with lots of action and strong passionate characters. I gave this book a five star rating because it had all the elements of a good read. I would recommend this book to all romantic's.

How romantic! It leaves a warm, fuzzy that most women appreciate. Of course, I'm a true romantic....always have been....always will be.

Awesome from start to finish. Beautiful writing nip composition now I am finished with my review.... Writing is excellent goodbye .

This is a new author for me. One of the reviews received said it dragged in the beginning. I beg to differ. Her plot was good, her characters interesting. If your into Highland Romance, this is a good book to read

r this story made you feel like you were living it hope she keeps stories coming like one.

Just finished "No Other Highlander" and "Highlander Who loved Me". Both great reads. I do like to read series and most definitely read them in order. Will be looking for not from this author!
