The Rogue Of Islay Isle (Highland Isles)

Synopsis

Cullen Duffie, a Highland warrior and charming rogue, is the new chief of Clan MacDonald. Determined to prove he's not his father, Cullen works to secure his clan against the English. When a woman washes onto Islay's shores, Cullen protects her from his uncles' schemes. Waking up not knowing who she is or where she comes from, Rose is at the mercy of the man who found her. Unable to speak from the swelling around her throat from a rope tether, she learns as much as she can about the new world around her and the powerful, sword-wielding Highlander who has sworn to protect her. Through dreams and flashes of her past, Rose begins to rebuild her memories. But the more she recalls about the horror she escaped, the more she realizes the jeopardy she is bringing to Islay, Clan MacDonald and the Highlander who has captured her heart. Each book in the Highland Isles series is a standalone story that can be enjoyed out of order. Series Order: Book #1 The Beast of Aros Castle Book #2 The Rogue of Islay Isle

This was the riveting second installation in this series by renowned author Heather McCollum.

Though it easily stands on its own, it was nice to have a bit of follow-up from the first in the series, 'The Beast of Aros Castle.' The book follows Rose, a beautiful and mysterious woman who has washed upon the shores of Islay with no memories of who or what she is. As passion mounts between her and the castle's sexy warrior/Laird, so do tensions with in the claim over fear of reprisal from the English soldiers stalking their shores. And as memories finally begin to surface, Rose fears that her training, alone, could earn a ride back to the French Court with a heavy rope tied once again around her tender throat.

Book two of the Highland Isles series is just as exciting and action packed as book one! With compelling characters, a suspenseful plot and lots of steamy passion, this story had me riveted from the first to last page. I can't wait to start book three!!

LOVED this book! Both the H and the h were good strong characters and while they met with conflict, I could definitely see the connection. Mairi was understandably reluctant after all she had been through in her marriage and with her husband's family. I think this was my favorite in the series.

This trilogy is great. For adult readers, but not pornographic. zesty and heart-warming. The Christmas dinner scene is memorable. Each book is distinctive. Although interrelated the stories are distinct and captivating.

This is the second book in the series I have read and I am anticipating reading the third! I really love the series the characters are really intense and colorful and the situations are compelling and sympathetic. I love the setting on the islands and the stories draw you in and keep you reading

I am so glad you warned us that it was steamie, very fast moving and exciting storyline though. I think some of it could have been left to our imagination. ÅfÂ Ã Å,Ã ÆœÃ â

Loved Cullen & Rose's story! A must read!!

I really want to start out by saying that this cover is absolutely 5 stars on its very own, and I wish that it was a blanket so that I could curl up with this drool worthiness, as I can't stop looking at it. Now that I got that out of my system, on with my thoughts, and opinions! Cullen Duffie is a Highland

Warrior, charming rogue, and the new chief of Clan McDonald. And he's bound and determined to prove he's not his father, so he must start with securing his clan against the English. Things take a weird turn when a female washes onto Islay's shores, and now Cullen must keep her safe against his uncle's plots. Madeleine wakes up not knowing who she is, or where she came from, and is unable to speak due to throat issues, so she's at the mercy of the Highlander who rescued her. As her memories start to surface, she's realizing that she's bringing serious danger to Clan McDonald. So the hero and heroine are completely awesome, as I became attached to them quickly. Cullen may carry a heavy weight, but his protective instincts made him totally drool worthy (not to mention the whole kilt thing), in my opinion. Madeleine is a female to look up to, as no matter what she's going through, she never fell into self-pity. It's been a long while since I read anything about a yummy Scot, but this story reminded me why I was so obsessed with them for years. Especially since I fell in love with Heather McCollum, and her very talented writing style that instantly transported me to Islay Isle, where I never wanted to leave! My obsession has been renewed, so I cannot wait to read more by this awesome author, (and Ms. McCollum, please think about blankets of this hot as hell cover, so I have it to cuddle everyday with)! Anyway, I'll cut to the chase and just HIGHLY HIGHLY HIGHLY RECOMMEND this fantastic story!
