Video Games, Violence, And Crime (Video Games And Society)

Synopsis

Although polls have shown that more than half of Americans believe there is a link between violent video games and violent behavior, experts disagree on whether such a link exists or, if it does, to what degree. This book examines the ways in which video games might impact crime, particularly in regard to violent acts.

Book Information

Series: Video Games and Society

Library Binding: 80 pages

Publisher: Referencepoint Press (August 1, 2014)
