Customer Reviews

Mary Burzlaff Bostic, Cincinnati, OH, is also the editor of Artist's & Graphic Designer's Market and

ArtistsMarketOnline.com. She is a graduate of Georgetown College and the University of Cincinnati.

This book is a good resource to keep updated every year, especially if you are a freelance photographer. The Photographer's Market keeps updated information on agencies and publications: their contact information, contact terms, requirements and pay. Of course what is available is dependent on what information is submitted. Another useful inclusion: the book tells you how open a publication or agency is to submissions- Ex: whether they accept work from unpublished photographers, or if they use stock images, images created on assignments, etc. In addition to submission information, The Photographer's Market has useful articles. If you take the time to read them you may learn a lot, from the novice photographer to the more advanced photographer. There's a little something for everyone.

I am so happy with this purchase. I got a great price, it got to me very fast and it is in great shape! Exactly what I wanted and paid for. I used Levy's Books & Goods and I couldn't be happier with them. How fast I received my order was remarkable.

Has a lot of indepth info on all aspects of marketing your photos. Addresses of dealers/buyers/websites alone is worth the price of admission!

This annual publications contains all the essential information a photographer would want to have. I specifically like the rating icons and organization of it. It is unfortunate more companies are not represented (due to lack of inclusion or response) but I buy this book every year and, with any luck, will actually break into a very profitable career as a photographer in 2017!

The book has helped with ideas how to sell my photos along with the contacts. I get a new version every couple of years to have an updated contact list.

Very helpful.

If you're a photographer and are thinking about publishing yourself - this is a must have!

Always a great source of info.
