Customer Reviews

Awesome! My wife and I spent a month touring Australia earlier this year. It's such a huge country, it's difficult to figure out what to see, even in a month. This book was a great help in planning our trip and we weren't disappointed with any of the choices we made, based upon this book's information and advice. Great resource for planning a visit to a lovely country with wonderful, friendly people! Highly recommended to all.

I thought this was going to be a travel book travel book but honestly looks like it was printed off someone's personal ink jet printer. In fact the inside cover says printed July 4, 2017 the day after I ordered it. So disappointed with this. Then there is not a single picture inside this book at all. Would not recommend.

This is just a list of some things to do, no research or information on cost, specific location, websites, hours of operation, or costs. I expected more.

This Australia Guide is now available on all digital devices. In this here you will get about the most delicious things to eat and drink, whether that happens to be at an award winning restaurant in Sydney, or a tour of some spectacular Australian vineyards, jaw dropping historical and cultural sights you won't want to miss like museums that tell the fascinating story of Australian immigration, to prehistoric rock art in the desert and others. Purchased this book.

So it's my gap year from university and i'm thinking either Europe or Australia! Gave this book a go and you can probably guess I'm now leaning towards Australia now! Awesome

if you're planning to visit Australia then you should not miss this book. It will be a good companion

for you on your first visit. It has all the information you need to know about Australia traveling including transport, accommodation, and best places to visit. I recommend this travel guide.

This is really cool! Many people have been wanting to see the beauty of Australia and this book has laid out so many things about Australia. I can't imagine how great this book is!
