The creative team of Weldon Owen create visually splendid, mind-expanding books that nurture a

wide range of readers' passions, be they practical, creative, adventurous, or all-out fun.

Excellent source for art projects for all ages. Easy projects to do and keep kids entertained.

very good for my nature program after school.

Great suggestions within the book, came fast, and is not clunky.

Love the ideas...Taking it camping .

My daughter loves this book.

As a mom who spends a lot of time outdoors with my children, I am glad to have more ideas of things we can do together. Some of the things can be done easily and some require preparation gathering a few supplies (we don't have powdered cement). I like seeing simple activities and crafts that I had not thought of before and also simple variations of familiar games. I look forward to our family doing these activities together. Once we are done I think we will give this book to our preschool or camp because it would be a great resource for teachers as well.

This is going to be such an amazing to do list for us over the next year! I've looked through and started our to do list! A lot of fun activities that I know my kids will love!
