I actually bought this book years ago and just could not understand it. I am in a place in my life now where I can say I get it.

Words to live by. A friend recommended this set and glad she did.

It is a very informative book, learning the four agreements has helped me understand more about life and how to become a better person. Thank you so much.

Exactly what I needed to read at the right moment in my life. It’s the only thing I’ve read that aligns with all of the things I’ve been feeling and experiencing. These books were life changing for me.

Great book with incredible insight into love, life and happiness.

Highly recommend this book

This book changed my life. The agreements have changed the way I deal with people and difficult situations. I am a supervisor and I have used the principles with my employees and it has helped them change the way they react to situations that arise. The book is perfect for your personal as well as professional life. Everyone should read this book at least once! Note: the beginning is difficult to get through but the rest is phenomenal!

Bought after several people I respect said it was helpful to them. The four agreements are not unique to philosophical thought, but this presentation is well done. Sometimes it helps to have

certain core truths of human life revisited in a new way.
