# The Lover's Heart (Brotherhood Series Book 4)

## Synopsis

Symone McKenzie aka Symone Reed was scared, barely making ends meet and tired of looking over her shoulder. It had been over a year since she left Atlanta. No, the truth was she had fled Atlanta after her father made demands she wasn't willing to entertain or obey. So, she did what was best for her own well-being. She got a ghost. She had been the star, and principal dancer for Roselee Thorn's Dance Company. Now she had to turn her back on that part of her life which she loved most. And just when she thought she could stop looking over her shoulder, in steps Xander Campbell. Xander Campbell took on the mission to locate the runaway Symone McKenzie. A mission with barely enough information to go on. Her father demanded she be found immediately and returned home. His instincts told him there was more to this case than just some runaway. Xander wasted no time locating her. He saw straight through her disguise. Mission complete. But, what he didn't realize was that the mission wouldn't be completed until he accepted fate and handed over his lover's heart.

## Customer Reviews

I love this series. The author didn't disappoint in Xander's and Symone's story. The combination of drama, love, romance, sexiness, and family makes this a great read for me. Xander and Symone exhibited a strong chemistry that was undeniable. Symone had a crazy father that she had to deal with in order for her to move on with her life. Xander had to learn not to fight what & how he initially felt for Symone. It was good to catch up with the family members from the previous books, the Howards, Singletons, Whalens, and of course the rest of the brothers and w/Qui. This group shows how family should support each other unconditionally. Waiting on the next book.

I have been following this author for a long time she has not disappointed me yet. The story had me laughing, spellbound, sad, so many emotions but the best part was being able to reconnect with not only Duke's and David's family. She surprised me by bringing into play Martin and Aaron's family from the "Love Lost Found" series. I recommend this book love this author

Xander is a fool, or really slow on how to comfort a woman. Definitely action packed, good on the romance but confusing on all the characters. Tune in for the next chapter, maybe we will finally get Utica and Cleo's story.

What can I say is you did it again, and how you bring all the characters together in each series. It took me two days to read this book and I'm ready for the next very soon, because I know it will be awesome.

I loved it. I loved how we got to meet up with the old crew and see what was going on with them. If you haven't read any of her other books please do. You don't have to, but it helps.

Another outstanding book. I enjoyed catching up with the crew from the Heart Series and the Lovers Series. I am looking forward to Uri and Cleo's story. If you put a new book out every 2 weeks I would be so very happy

Another outstanding book! Once again Vivian Rose Lee did not disappoint & I love how people from "the Heart Series" & Found Love series are now interacting with the Brotherhood Series, long forward now to Uri & Cleo's story. Keep writing & I will keep reading!

Enjoyed reading the latest installment of the Brotherhood Series. Xander and Moni were excellent together. Hope the next book is about Uri and Cleo.
