## **Customer Reviews**

Complete rubbish! It is billeted as a 60 Days "spice up your sex life" type thing but many of the "day" ideas are ongoing things that take more than a day to complete. Most of it you would be better off reading 50 Shades...and that is a deep insult from anyone remotely familiar with the D/s lifestyle.

Yes, there are some spelling errors, but overall, this is a great book to inspire ideas on ways to serve your dominant. I shared some of these ideas with a submissive group I run on Facebook and the ladies LOVED them. It's a great way to open a discussion on ideas to serve.

This book could give you tips if you are already in a BDSM relationship. However; some of the

suggestions could be very mentally taxing if you do not have experience.

Entertaining and definitely adds spice to any relationship. However, numerous grammatical errors. Make sure to proof read next time.

I think they need to be more clear about the content of the book. It is more of a suggestion guide than an erotic story book in itself.

Great, non-PC collection of activities for your favorite sub. I would have rated it higher, but the language is simpler than needed, although the tone is well done. This collection is easily worth the cost.

It was short and very poorly written. There were so many spelling & grammar errors it was distracting. I would not recommend.

While the book is pretty short and its just a list of things to do. There are a few things that we incorporated into our household, but I think, with more thought and research it could have been expanded and made longer with specific exercises for a submissive to do.
