THE EMPRESS OF MYSTH 8: ANGELâ€™S HOME: (An Alpha Alien Sci-fi Romance & Fallen Angel Paranormal Series)

Synopsis

A standalone sweet romance is included in this final episode as a complimentary book. Forbidden. Sworn Enemy. Wicked Seduction. Savage angels have turned Earth into their hunting ground. To save all earthborns, the fey princess Rose cedes to the marriage demands of the King of Angels, knowing she won't survive the wedding night. When she comes to Atlantis to find a secret weapon to banish angels from our planet, she awakens the darkest lust in the king's lethal brother. The most formidable angel comes across the universe and finds her. He will stop at nothing to possess her, even if he must fall. The High Prince offers Rose an indecent proposal: sleep with him once and he'll keep her safe. Rose will turn his urge against him and destroy the angels' house. While unbridled lust burns the prince, it also torments her.

Customer Reviews

I must admit, bought this book for the cover. From the beginning I found the writing to be high-schoolish and the characters unlikeable and melodramatic. I got through about a third of the

book and couldn't take any more. Can't recommend it.

This series is one of the best that I have ever read!!!Love the characters, LOVE THE WRITING!Such a creative concept for a story and this is the laaaaast piece!Just purchased it! Can't wait to read it!!!!(review will follow!)

Great series and world building. Loved it can't wait for more angel fey stories.

I've read all eight books. Loved every minute.

I decided to read book 1 on this series to checkout the author Meg Xuemei X. The book captured my attention right away and I read all 8 in the series and thoroughly loved and enjoyed them all.

This installment ended at just under 45% on my ereader.Much to my continued dismay with this series, it could have been eloquently put together in a nice one-two installment. It included various errors in detailed information in the storyline, conflicting with previous installments, and includes grammatical errors, this series was mildly aggravating to read.It truly held the basis for a good story, and includes a fairly intriguing writing style, but failed with me as the reader due to the many frustrating incompletions without a better proofreader.At times the words presented in a paragraph could take the reader in circles or leave you confused all together.It felt as though information was missing or eliminated all together creating a void.At the end of this installment, it includes a short story written by the same of entitled The Girl Next Door.This began a bit smoother than expected, but just as the Mysth story, it ends too soon or open enough so that it should be continued.Many topics are left to the imagination and not concluded when the story ends.I was personally taken by the imagination of the Mysth storyline, even though I was not able connect completely with the characters due to the writing style of this author.I don't believe that I could recommend this collection to others.

I have no words for it. It was superb! I almost cried when I finished the book. I hope the next book would explain Seth& Rose's dream.

Read all 8 books in two days, that's how good it is! Kept me at the edge of my seat!
