Customer Reviews

Shipping container homes are a newly popular method of sustainable housing. Matt takes you through the whole process! It explains right from start to finish what to look for when buying a container. I really liked the sample layouts of shipping container houses- you wouldn't even know they used a shipping container! I am very much pleased with the information this book has and I highly recommend this book. If you are planning to build a container this book will help you a lot.

Nowadays thousands of people are joining the shipping container home movement learning about the amazing benefits of these strong, secure, cost-effective and beautiful homes. Various aspects of building container homes from the initial planning to the successful building of your own shipping container home are presented in this comprehensive guide to help you with navigating through the details of container home building, so that, you can build a sound living place for you.

Waste of money! All this info is free online.

Great introduction to cargo container construction. Thhw book provided allot of important details to be aware of when constructing a home with containers.
