# Janson's History Of Art: The Western Tradition, Volume I (8th Edition)

## Synopsis

For the first time in 40 years, the book has been rewritten and reorganized, this new edition weaves together the most recent scholarship, the most current thinking in art history, and the most innovative online supplements, including digital art library. Experience the new Janson and re-experience the history of art. Long established as the classic and seminal introduction to art of the Western world, the Eighth Edition of Janson's History of Art is groundbreaking. When Harry Abrams first published the History of Art in 1962, John F. Kennedy occupied the White House, and Andy Warhol was an emerging artist. Janson offered his readers a strong focus on Western art, an important consideration of technique and style, and a clear point of view. The History of Art, said Janson, was not just a stringing together of historically significant objects, but the writing of a story about their interconnections, a history of styles and of stylistic change. Janson's text focused on the visual and technical characteristics of the objects he discussed, often in extraordinarily eloquent language. Janson's History of Art helped to establish the canon of art history for many generations of scholars. The new Eighth Edition, although revised to remain current with new discoveries and scholarship, continues to follow Janson's lead in important ways: It is limited to the Western tradition, with a chapter on Islamic art and its relationship to Western art. It keeps the focus of the discussion on the object, its manufacture, and its visual character. It considers the contribution of the artist as an important part of the analysis. This edition maintains an organization along the lines established by Janson, with separate chapters on the Northern European Renaissance, the Italian Renaissance, the High Renaissance, and Baroque art, with stylistic divisions for key periods of the modern era. Also embedded in this edition is the narrative of how art has changed over time in the cultures that Europe has claimed as its patrimony.

## Book Information

Paperback: 528 pages

Publisher: Pearson; 8 edition (January 13, 2010)

Language: English

ISBN-10: 0205685188

ISBN-13: 978-0205685189

More than 4 million students are now using Pearson MyLab products! Here are just a few ways MyArtsLab can help you save time and improve results: Pearson eText—Just like the printed text, students can highlight and add their own notes. Students save time and improve results by having access to their book online. Gradebook—Students can monitor their progress and instructors can

Penelope J. E. Davies is Associate Professor at the University of Texas, Austin. She is a scholar of Greek and Roman art and architecture as well as a field archaeologist. She is author of *Death and the Emperor: Roman Imperial Funerary Monuments from Augustus to Marcus Aurelius*, winner of the Vasari Award. Walter B. Denny is a Professor of Art History at the University of Massachusetts at Amherst. In addition to exhibition catalogues, his publications include books on Ottoman Turkish carpets, textiles, and ceramics, and articles on miniature painting, architecture and architectural decoration. Frima Fox Hofrichter is Professor and former Chair of the History of Art and Design department at Pratt Institute. She is author of *Judith Leyster, A Dutch Artist in Holland*, which received CAA's Millard Meiss Publication Fund Award. Joseph Jacobs is an independent scholar, critic, and art historian of modern art in New York City. He was the curator of modern art at the John and Mable Ringling Museum of Art in Sarasota, Florida, director of the Oklahoma City Art Museum, and curator of American art at The Newark Museum, Newark, New Jersey. David L. Simon is Jett Professor of Art at Colby College, where he received the Basset Teaching Award in 2005. Among his publications is the catalogue of Spanish and southern French Romanesque sculpture in the Metropolitan Museum of Art and The Cloisters. Ann M. Roberts, Professor of Art at Lake Forest College has published essays, articles and reviews on both Northern and Italian Renaissance topics. Her research focuses on women in the Renaissance, and her most recent publication is entitled *Dominican Women and Renaissance Art: The Convent of San Domenico of Pisa*. H. W. Janson was a legendary name in art history. During his long career as a teacher and scholar, he helped define the discipline through his impressive books and other publications. Anthony F. Janson forged a distinguished career as a professor, scholar, museum professional and writer. From the time of his father's death in 1982 until 2004, he authored *History of Art*.

I still prefer Garners Art Through the Ages, but this is an excellent art history book as well. Not a fan of the paperback quality though.

It has good information and pictures, which is obviously important to the study of art. However, it doesn't have a lot in the way of study guide stuff at the end of every chapter. I would have liked review questions at the end and a list of key terms in each chapter for easier studying. I also don't know why glossaries are always in alphabetical order and not sorted by chapter. In this one, the glossary doesn't even indicate which chapter a term was from, and I had a geography book that did that in parenthesis after each term and I found that helpful (you could look at all your terms for a particular chapter without flipping back and forth in the book for each word that way.) Little additions like that would greatly improve students' ability to use this book as a study guide. I've also had issues where I've wanted to know more about certain topics but not gotten what I feel is a full story about a certain art piece, I think it's because this series has so much history to cover that it's missing some detail. I would call it an average textbook, but I think this shouldn't be the go-to art history book used by professors or anything. I have a feeling there's better stuff out there.

the books cove is coming off, and there is a fait amount of stuff written and underlined in the book. i get that these get used a lot but you might want to put some new ones in circulation.

Bought for school class at BYU Idaho. Worked great :)

This book is easy to read and informative. My only qualm with the book, is it's cover. I'm a College student and although I've been trying very hard, the soft cover is getting damaged in less than a month. It is curling & the cover is splitting in two at one corner. This decreases it's reuse value. It is my opinion, for the price, the book should be hardCover.

Inexpensive to rent and wonderful. Save my butt this semester.

This book was amazing, loved the lay out and it was easy to understand founud myself wanting to read it. And I made an A on the class. Actually was amazed to find a text book enjoyable!

great book it didn't have a spiral bind but my dad is a teacher and was able to put a spin on the

book but I enjoyed reading it and learning for art history.
