I'm No Scientist, But I Think Feng Shui Is Part Of The Answer: A Dilbert Book

Synopsis

Dilbert is the cartoon world's Office Space, a cubicle eye view of the real workplace! What do the arts of yoga, feng shui, and Irish dance have in common? They can't save you from a gnawing dissatisfaction with your job. Luckily, our favorite office cog has a few tricks up his sleeve. Armed with a wearable brain stimulator and ingestible nanorobots, Dilbert discovers how to outpace stress, boredom, and sitting-induced early death. He may be a cyborg with a fake personality, but meetings are more tolerable than ever

Customer Reviews

What started as a doodle has turned Scott Adams into a superstar of the cartoon world. Dilbert debuted on the comics page in 1989, while Adams was in the tech department at Pacific Bell. Adams continued to work at Pacific Bell until he was voluntarily downsized in 1995. He has lived in the San Francisco Bay Area since 1979.

Scott strikes again.... Can't help it - I like the stuff. My employment history isn't quite that bad, but the signs were there.

I bought these for my brother-in-law who is a huge Dilbert fan. He loved them!

Received as described. Absolutely no problems with this product.

If you have ever worked for a large business, this needs no explanation. HIGHLY RECOMMENDED.

Seemed like Adams was phoning it in this time. Still amusing, but nothing like the past levels.

Typical Dilbert issues.

Typical Dilbert - humorous, and realistic

Brilliant! Love his humor!
