John Muir In His Own Words: A Book Of Quotations

Synopsis

Earth has no sorrow that earth cannot heal. (John Muir)The best of John Muir: 332 quotations, the distillation of his thought, the essence of his beliefs. Muir was the foremost conservationist of his time: nature writer, social critic, realist, a romantic, a visionary. If asked for a succinct statement of his beliefs, Muir might have replied:In every walk with nature one receives far more than he seeks.

A long-needed collection that features an excellent subject index. Painstaking bibliographic references make this an invaluable addition to one's Muir Library. --Yosemite Association

I am so grateful that there existed a man like John Muir, who shared his thoughts with us so that we, who also love nature can find the words that say what we would if we had the ability and grace. What a lovely book and a great gift for those of us whose greatest cathedral is outside teeming with life in every form and soft hills, sharp mountains, and every shade of green.

What an incredible soul John Muir must have been! This is page after page of his beautiful musings on my favorite subject-nature! It is also beautiful poetry.

Great great book for any nature lovers collection. Also a great intro to John Muir's works.

I'm a nature lover, so this book was so good. It made me look at nature in a whole different light.

Like a created wonderland. It's a read to do over and over and never look at things the same.

I choose this rating because John Muir had such vision and soul and it effects the way I see the world

Awesome!! Into the mind of a great man and conservationist! Will keep this book forever I love this!!! Merica!!! Ya!

I have always loved his works but this is a great summary of a lot of his best quotes from his books and personal memories. buy it!

Enjoyed it
