If The Dinosaurs Came Back

Synopsis

In this delightful book, a small boy imagines a world where dinosaurs perform public services.

“Bold lines accentuate imaginative, humorous ideas. A natural for student response: students formulate their own outcomes about what would happen if the dinosaurs returned. An overwhelming favorite in the early grades.”--The Reading Teacher

Book Information

Lexile Measure: 450 (What's this?)

Paperback: 32 pages

Publisher: HMH Books for Young Readers; 1 edition (April 16, 1984)

Language: English

Customer Reviews

BERNARD MOST has written and illustrated many popular children's books, including *The Cow That Went OINK*, *If the Dinosaurs Came Back*, *How Big Were the Dinosaurs?*, *Whatever Happened to the Dinosaurs?*, and *Where to Look for a Dinosaur*. He lives in New York.

My son loved this book as a child so I bought it for my grandson.

Great children's story.

I love the illustrations in these. Our book came so damaged that it was unreadable so I cannot review the story.

I love using this book as an inspiration for children's drawings. The kids draw the cities in black and white and then make a dinosaur out of colored construction paper and glue in front of the city. They love the idea of dinosaurs being helpful rather than destructive.

Made a fun end-of-the-year art project for my K-2nd graders! Will use again next year!

Item is exactly what I wanted and shipping was extra quick!!

Love to use this book in my art classroom. The drawings are really simple and easy for children to replicate. It's also a great jumping off point for journal writing (What do you think would happen if the dinosaurs came back?).

We loved this!
