Ribbons and wedding accessories are a natural pairing, and ribbon doyen Ellie Joos knows how to wrest spectacular flowers and bows out of a few yards of the stuff. Yet despite the elaborate appearance of her creations, she manages to keep the how-tos clear and (mostly) fairly easy, especially with the frequent use of premade craft-store flowers. She offers a nice selection of headpieces, garters, shoe and glove decorations, purses, keepsake boxes, centerpieces, pew bows, boutonnieres, corsages, wreaths, and favors, plus less common items like adornments for the cake server and champagne glasses, a lacy parasol, a unity candle, even a beautifully decorated rustic broom to celebrate the African American tradition of "jumping the broom." Most of the projects can be handled by the novice crafter, although some may take a fair amount of time and many will be a bit pricey--all that beautiful ribbon doesn't come cheap. Still, it's less expensive to make the items yourself than to buy them ready-made; plus, you can easily tailor them to suit your taste and color scheme. Woven throughout the more than 50 step-by-step instructions and pretty color photos are tidbits of wedding lore and charming engravings of Victorian weddings, as well as a brief

wedding planner. A solid general techniques section details bow making, ribbon weaving, pinwheel folding, and some basic flower making. --Amy Handy --This text refers to an out of print or unavailable edition of this title.

Filled with numerous ideas, inspirations and how-to directions. These ideas and simple instructions can be applied easily to many other occasions besides the wedding examples shown in this book. Let these projects be your starting point and take all the info further to other levels. Ribbon is a user-friendly medium that adds romance to almost everything. Let your imagination go wild. Easy to follow instructions are basic and well illustrated. Changing the size and color of the ribbons can create endless designs. This is a "keeper" for my shelf of influence books.

It was really helpful and had alot of ideas that were different from the everyday things as well as the traditions and such.
