## Customer Reviews

I was instructed in piano for roughly 11 years and have continued to play off and on professionally and for personal pleasure. I greatly enjoy listening to this opera so when this became available on I was very excited. Pros: Clean sheet music. Traveled well. Arrived early. No rips or crinkles. Cons: Very short rendition. Only 2 pages (count total). Simple composition/dynamics. I would rate this difficulty at perhaps an early Intermediate or even an Easy if you read music fairly well. I pulled it out and played for the first time all the way through without stopping. I don't know if there is an original score of this music or a harder version, but those of you looking for a "challenge" will not find it here. Enjoyed it-wished it were longer and more of a challenge. I would recommend this to another buyer for pure pleasure playing.

This is a fairly simple arrangement, but a nice one. When I play it on my Clavinova with piano and strings, it sounds truly beautiful. It also sounds great for pipe organ. Good for intermediate pianists. And in my opinion, this is one of the most beautiful pieces of music ever written!

It meet my requirements.

Perfect!

My daughter complain that she can't practice her piano when I'm. I love this piece of music so I bought it for her. I told her if you want to play the piano when I'm home and around the house you may always practice or play this music.

Very good
