I bought this book to use as a read-a-loud in my classroom and my students loved it! This is a great book to use when wanting to capture your student's attention, while teaching them about craft and informational texts. I recommend!

Great book to inspire our elementary age children. Of course this kind of sport and the life of different basketball players have also violence and bad things, but this serie is very good for the younger sports fans! I recommend! Well done.
