Customer Reviews

These two volumes in the Schirmer library (Book 1 AND Book 2) actually contain all 32 of Beethoven's piano sonatas. What a treat to listen to them and follow along in the manuscript. These are THICK books, and rather heavy, but they are a genuine bargain.

I got this shipped in a day! (granted I live in WI as well as the seller). It's in great condition, with lamination on the edges and spine of the book to keep it nice. The book is bigger than I expected, which is always a pleasant surprise. Thanks so much!

It's Beethoven, after all

This edition of Beethoven Sonatas is timeless.

This is a good edition with useful comments. The only problem I have is that the book is VERY thick, and the binding is not that strong. It will most definitely fall apart by the time you'll be done with your first piece.

Everything is very legible. Schirmer always has great quality books.

Nice collection! I like the crisp print and layout much better than other publishers. Easy to keep book open.

Wonderful format. The pages stay flat and are easy to turn. Easy to read with off white paper - no glare.
