# Comparative Politics Today: A World View (11th Edition)

## Synopsis

Sets the standard for introducing the field of comparative politics. This text begins by laying out a proven analytical framework that is accessible for students new to the field. The framework is then consistently implemented in twelve authoritative country cases, not only to introduce students to what politics and governments are like around the world but to also understand the importance of their similarities and differences. Written by leading comparativists and area study specialists, Comparative Politics Today helps to sort through the world's complexity and to recognize patterns that lead to genuine political insight. MyPoliSciLab is an integral part of the Powell/Dalton/Strom program. Explorer is a hands-on way to develop quantitative literacy and to move students beyond punditry and opinion. Video Series features Pearson authors and top scholars discussing the big ideas in each chapter and applying them to enduring political issues. Simulations are a game-like opportunity to play the role of a political actor and apply course concepts to make realistic political decisions.

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. G. Bingham Powell is Marie C. Wilson and Joseph C. Wilson Professor of Political Science at the University of Rochester. Russell J. Dalton is Professor of Political Science at the University of California, Irvine. Kaare Strafsm is Professor of Political Science at the University of California, San Diego.

Rented for class, book was in great condition.

Good book

This book unfortunately is in very bad condition, wished it was better.

Great!

Great book. As far as a rental goes, it was a little sticky and covered in gunk when I got it which was a sort of disappointing. But great content and relevant to today.

Honestly a terrible political science book. There are loads of definitions in each chapter and almost none are defined; they are just loosely mentioned in a sentence. I needed this for my comparative studies class and I learned way more from just going to each country's website and looking at the "about government" sections than I did this book.

This book was packaged very well. Showed up on time for class. It is a rather interesting book. I am glad I purchased this thing.

It was an instructor's textbook..cannot resell it.
