The Case For Christ Study Guide Revised Edition: Investigating The Evidence For Jesus

Synopsis

Is there credible evidence that Jesus of Nazareth really is the Son of God? Skeptics dismiss the Jesus of the Gospels by claiming there is no evidence in the case for Christ. Lee Strobel disagrees. The former legal journalist and one-time atheist knows how to ask tough questions. His own search for truth about Jesus led him to faith in Christ. Now Strobel invites you and your group to investigate the truth about Jesus Christ leading to the facts that guided Strobel from atheism to faith in Christ. In this revised six-session study (DVD/digital video sold separately), participants will journey along with Strobel on a quest for the truth about Jesus. Rejecting easy answers, you will sift through fascinating historical evidence as you weigh compelling expert testimony. In the end, groups may very well see Jesus in a new way—and even, like Strobel, find their life transformed. Pastors, small group leaders, and individuals will find compelling answers for their questions about Jesus in *The Case for Christ Study Guide*. Sessions include: The Investigation of a Lifetime Eyewitness Evidence Evidence Outside the Bible Analyzing Jesus Evidence for the Resurrection Reaching Your Verdict Designed for use with *The Case for Christ Video Study*. 9780310698517 (sold separately).

LOVE this study guide bible study book. There are definitely a LOT of discussion questions with extra optional discussion questions, so if you want a shorter study to follow the DVD segment, you might want to cut some off and go over the ones you feel most important for time's sake. Leading our study at church, and it brings up some thought provoking discussions, both for Christians and non Christians alike.

A lot of provocative questions are included. My Sunday school class found, however, that many of the questions had obvious answers to them because they are all firm believers in Jesus Christ. The book might be better used with people unsure of their faith or even skeptics. As a teacher, I asked my class to see the book as training when meeting someone on the street with no faith.

not what I thought, I thought his investigative findings would be in the book, not just more questions, I already have questions for my own

Recommended reading for all Christians and as a gift to non-Christians. Extremely well documented!

Outstanding addition to the book. The study guide helps to really understand the book.

Excellent book for skeptics.

Very interesting read.
