Great duets! NOT the same version as the trombone book, so can't be used by a trombone and trpt student (who can't transpose) together. Otherwise, awesome!

Needed for trumpet instruction. A must have for your trumpet music library. Recommend that your students purchase a copy as well so they can practice them with their friends at school. Will help improve sight reading skills. For advanced players, have them sight read and transpose.

Good to have around for sightreading!

50 years ago I was using these duets. Now my grandson is playing trumpet and I will expose a new generation to these wonderful duets.

Good Music Tool !!!

It is a great duet book. I love to hear my son and his trumpet teacher play these together. Beautiful pieces.

New material to help keep practicing fun

Makes for a stronger player.
