Dr. Steven Vago was born in Debrecen, Hungary in 1937. He was a brilliant student and athlete, and at the age of only 19, he became one of the legendary Hungarian Freedom Fighters during the 1956 uprising and revolution. He escaped to Austria just prior to the closing of the border between Hungary and Austria by the Soviet Army. He made his way across Europe and eventually to the United States. Vago matriculated from the University of Alabama where he received his B. A. in Sociology. Upon graduation, Vago furthered his graduate education at Washington University in St. Louis, where he earned two Ph. Ds: one in Sociology and one in Anthropology. During graduate school he was an integral part of the creation of an alcohol treatment program at Malcolm Bliss Hospital in St. Louis. Steven became part of the Department of Sociology at St. Louis University after finishing his graduate studies, and was a full professor there by the age of 37. Thereafter, he chaired the Department of Sociology several times, teaching at St. Louis University for over 30 years. During the 1970's, Steve was asked by the United Nations to work for its member agency UNESCO, and worked in Paris for several years in their Office of Population and Demography. During the years of Steve's involvement in the field of Sociology, he was frequently asked, by universities throughout the United States and Canada, to participate in a variety of discussions addressing the legal and social changes occurring in the former Soviet Union and its Eastern European satellites. In 1975, he met and married Kathe Hartley, a St. Louis on-air reporter working for the CBS-owned KMOX Radio in St. Louis. At the end of his teaching career in 2001, Steven and Kathe retired to Bellingham, Washington. Vago passed away in 2010, at the age of 73.

Good information in here. I did learn something for a change.

Steven Vago proposes many many thought provoking ideas and concepts, while using those intellects who have lead the movement of all perspectives in the Law arena

Law and Society (8th Edition) was a book that was required reading for a master's level course I was taking. allowed me to buy this book for much less than I would have paid if I went through the college book store. I would definitely recommend going through for your college book.

Law and Society by Vago is a sufficiently detailed textbook to learn terms, definitions, concepts, ideas, and many other Law and Society-related information for Introductory Law and Society Courses.

good

It was purchased as a textbook for a Master's level class. Good book full of detail and information not found easily somewhere else. Easy to read and follow. Definitely a "keeper"

Just as described.

The book is well written and researched but is very preliminary and recommended for beginners. Its a great starter book to those who are not familiar but are interested in the law from a sociological perspective. The author writes well and has thorough research and provides references for further information but can be somewhat repetitive.
