John Lewis Burckhardt (1784-1817) was an explorer of the Middle East who travelled widely in disguise as a Muslim. This work of 1822 fulfils the promise of 'a view of Arabian life and manners in every degree', and includes Burckhardt's famous account of the ancient city of Petra. --This text refers to the Paperback edition.

Travels in Syria and the Holy Land gives you a great historical view of what Syria was. Now putting Syria in modern context and seeing what has happened to this once great nation can only make you sad and possibly hopeful on what it will once again be.

the Victorians were a bit tedious so the book is something of a slow read. Nonetheless I found it interesting and informative.

My kids have been looking at History and times of old in the Middle East and this book was a good guide for them.
