The Right StuffThe evil witch is dead and Worla is satisfied with Devdan's hard work. Holding up her end of the deal, Devdan's benefactor tells the teenage zombie villager (and Skeleton Steve) that they'll need to find the right stuff--a Golden Apple and a Potion of Weakness--to perform the transformation process. She even tells them where to find the items!But when the potion they need lies within the lair of another rival witch, one who stole all of Worla's potion-brewing gear, and this second rival witch is also a master of slime control, will Devdan and Skeleton Steve (and the cat, Mr. Whiskers!) be able to deal with another evil magic user? And will delving down into a jungle temple full of tricks and traps prove too much for the duo to handle?

## Customer Reviews

What a great story! Can't wait to read book 4! I started reading these Skeleton Steve books for my son, thinking that they were just kid books, and they ARE, but they're very strong stories with great structure and characters, and they're addictive to adults as well! Bravo!

To The Author The book was amazing and I loved how you put in information about the noob years in the book. I had a thought tho Skeleton steve has red eyes. The doomstreak clan has red particals. What if they're from the same dimention? S.S (skeleton steve) may of been evil and turned in to the monster on purpose and now that it failed doomstreak is trying to get him back. When he dies he forgets stuff so maby thats why he is having memory issues. IdeasNow I'd now just be happy with being the owner of a bookstore in the village who's name I can't pronounce and have maby a line or two.Or I could be the one who has a book on how to destroy the glitch and yhe team (look at idea down below) Comes to me and I help them. Name:Bookworm\_29. Katha and the others should end up joining and wage a war against the witches or the glitch. Escuses for not reviewing 4th of July was crazy and we traveled for the week. I of course forgot my kindle and was degraded to reading classics like treasure island and 20,00 leagus under the sea. Who knew there were such boring books? We also have a screen free summer dun dun dun!!!!!! So that didn't help either. Please still use my ideas. I want season 3 noob years please with wipped creame and... no i can't get that low just please continue them!! Have a great day! -Bookworm\_29

when i saw this book i was suprised how fast it came out really i'm impressed . i have been reading some of your books over and over again . this book deserved the 5 star rating . you are really a good book writer. anyway my skin is a creeper. your last ten books were impressive. though i got one tip for your map you made you need to give the castle a bit more shape i could tell even though i have not played on it.sincerely D4imond minc4rt.
