# The Breuss Cancer Cure

## Synopsis

Naturopathic practitioner Rudolf Breuss developed a 42-day juice fasting program to nourish the body but starve cancer. He also formulated variations for different kinds of cancer. Following his instructions exactly was crucial to success. > Although fasting seems irrational when the body is wasting away, Breuss' patients felt more alert and energetic as soon as they began the treatment. They continued to feel well throughout their fast. Throughout the book their many grateful letters testify to complete recoveries. This title also contains Breuss' naturopathic and sometimes unusual treatment suggestions for a wide range of conditions from leukemia to rheumatism, infertility to cramps. His book reflects a lifetime of practice.

## Customer Reviews

Rudolf Breuss was a humble man, a self-taught healing practitioner, whose only desire was to offer help and hope to suffering people. He saw his book as a means to offer his experience to those he could not attend personally. He devoted his entire life to his work, continuing almost until his death at the age of 92 in 1991.

I cannot say enough about Breuss Cancer Cure. Years ago my uncle got diagnosed with cancer. He was pretty late into it and only had about 6 months to live. They sent him home and he started Breuss Cancer Cure and he ended up gaining the weight back, getting healthy again and living 9 years. He died of a heart attack not cancer. I was young back then, maybe in high school and did

not pay much attention to it while it was happening, but recently my brother was diagnosed with cancer and they gave him 3 options; radiation pills, chemotherapy, or try herbal medicines on your own. So, he tried the Bruess Cancer Cure first. He was to return for more blood work and another biopsy in six months. He did the Bruess Cancer Cure with the vegetable juice and the tea's as per the book. He followed it to the 'letter' for the full 41 days. He was weak from not eating and his co-workers picked up his slack especially near the end of the 41 days. He finally made it and went in for the blood work. The blood work came back and there was no change in the blood work. We were all pretty disappointed. But, when he went in for the biopsy it was totally gone. No trace of cancer. Now he is eating healthier and is cancer free. That was enough for me to buy a 21 day supply. Figure I will do the 21 day version to help clean my system out from all the crap we are eating these days. Hope this review was helpful and it is totally a true story.

After the first time I did the 42-day fast, I was convinced that the human race should strive to maintain alkaline bodies. Not only did my eczema/psoriasis disappear and other issues cleared up, but the unexpected one was that it totally eliminated my lactose intolerance!! I'm currently doing a 21-day maintenance fast pre-surgery. I absolutely love this regimen. I have used the bottled juice, but I know that it is definitely not as good as juicing organic vegetables.

I am always looking for alternative medicine. You don't have to have cancer to implement Dr. Bruess' methods. This can also be used for preventative. Very well written and extensive research. Fast shipping. Thanks!

Very interesting. I like to collect all kinds of alternative treatment books and this is a nice addition  
good book!

Interesting book. The six week fast seems extreme, but compared to chemo and radiation, maybe not so extreme. Worth a try if you have the weight to lose and some supervision. Easy to read, logical and straightforward.

Fast shipping, great product. Thanks!

Excellent, very informative
