Sunlight, Vitamin D And Skin Cancer (Advances In Experimental Medicine And Biology)

Synopsis

The goal of this volume is to comprehensively cover a highly readable, updated and extended, overview on our present knowledge of positive and negative effects of UV $\hat{A}$ exposure, with a focus on vitamin D and skin cancer. Topics that are discussed in $\hat{A}$ depth by leading researchers and clinicians range from the newest findings in endocrinology, epidemiology, histology, photobiology, immunology, cytogenetics and molecular pathology to new concepts for prophylaxis and treatment. Experts in the field as well as health care professionals not intimately involved in these specialized areas are provided with the most significant and timely information related to these topics. It is the aim of the second edition of this book to summarize essential up $\hat{A}$ to $\hat{A}$ date information for every clinician or scientist interested in how to balance between positive and negative effects of UV $\hat{A}$ exposure to minimize the risks of developing vitamin D deficiency and skin cancer.

Book Information

Series: Advances in Experimental Medicine and Biology (Book 810)

Hardcover: 539 pages

Publisher: Springer; 2014 edition (February 21, 2014)

Language: English

ISBN-10: 1493904361

ISBN-13: 978-1493904365

Product Dimensions: 7.4 x 1.3 x 10.3 inches

Shipping Weight: 2.5 pounds (View shipping rates and policies)

Customer Reviews

From the reviews: "Small print, information dense and richly referenced volume $\hat{A}$ of the current knowledge on this controversial topic. The text covers history, epidemiology, biochemistry, histology, immunology, and molecular biology. $\hat{A}$ Lactation consultants depend on advice from public health officials to counsel their clients as well as to care for their own families. They can confidently use the content of this book to pressure officials to formulate recommendations that are

more in line with the needs of the general population, including breastfeeding babies." (Nicole J Bernshaw, International Lactation Consultant Association Print and Multimedia Reviews, August, 2008) --This text refers to the Paperback edition.

Jörg Reichrath is Professor for Dermatology and Deputy Director of the Clinic for Dermatology, Allergology and Venerology at the Saarland University Hospital in Homburg/Saar, Germany. Main research interests include photobiology, dermatoendocrinology and dermatoncology. He is a member of numerous national and international scientific organizations, including the German Dermatological Society (DDG), the Deutsche Krebsgesellschaft (DKG), and the German Dermatologic Cooperative Oncology Group (DeCOG). He has been awarded numerous prizes including the Arnold Rikli-Prize 2006. Jörg Reichrath received his academic degrees (Dr. med., venia legendi) from the Saarland University, Germany.
