Your Guide To The National Parks: The Complete Guide To All 59 National Parks (Second Edition)

Synopsis

This award-winning guide, completely updated for the 2017 edition, includes more than 450 new photographs, 160 revised maps, and 50 hiking tables, making it the only guidebook you'll need to explore the United States National Parks. An all new design with the same intuitive layout keeps the step-by-step itineraries, kid-friendly activities, and most popular ranger programs at your fingertips to help plan your next family vacation. Thousands of hotels, restaurants, and attractions beyond the parks and 11 suggested road trips make it the ultimate dashboard companion. Exhaustive activity information--including hiking tables, easy-to-find trailhead markers, outfitter details, and backpacking essentials--serves as blueprint for an adventure of a lifetime. With something for everyone, this is Your Guide to the National Parks.

Customer Reviews

From the First Edition ... "In short, this is a great, almost encyclopedic, guide to help you prepare for your park visits." - Kurt Repanshek (nationalparkstraveler.com)"Your Guide to the National Parks is quite frankly, amazing." - On Wisconsin MagazineOswald provides an amazing, almost overwhelming, amount of data on each place. ...a timely and useful reference." - Library Journal"Each entry includes location info, what to expect from nature, how to find the park, open seasons, notable attractions, and plenty of full color photography to back the details up. Your Guide to the National Parks is a must for nature and vacation collections." - Midwest Book Review"This gem of a travel guide is one of the most comprehensive and well-crafted books of its genre on the market." - ForeWord Reviews

Your Guide to the National Parks (1st edition) was the bestselling national park guidebook in 2015 (according to Nielsen BookScan data).

This book is amazing. It has so much information that I missed from my other National Park visits. I purchased the Lonely Planet and Nat Geo park books and they were horrible. Pretty much everything you can find online, nothing more. This book has everything, trails, best sights, and itineraries. I was floored with all the places I missed during my tour of the Southwest parks. Buy this book and you won't need any others!

There might be better guides out there for specific national parks, but for a general guide for all of them.....this is the one!

This is great book and the second time I've purchased it. It includes great details about hikes, top sites, things to do, maps and places to stay. I use this book each time I am planning a trip to a National Park.

Love this book...looked at many other books about the National Parks...this is the most in depth...leaving in a couple of weeks for six months in the National Parks...this will be my constant companion...Thanks Michael for making my trip even easier to complete :)

This is the best. I'm traveling to many of the National Parks and this guide is complete with lodging, restaurants, good maps. I am very pleased to have this publication.

So much information, so many choices.

My wife and I took this with us on a trip out west to six National Parks (Zion, Bryce, Grand Canyon, Arches, Canyon Land, and Capital Reef). We planned our daily hikes and activities with this book and it was indispensable. Spot on tips and advice, and great descriptions of the trails,; it was a great investment (for so little money).

I am planning a trip to Acadia and ordered this guide. It is very well written and has lots of information. I like the cartography and extra tips for every park which I am using to plan my trip.
