Customer Reviews

I have ordered all the books in the 3rd and 4th grade series...math and reading/writing. After I ordered 2 books, I was so impressed that I wanted them all. It is perfect for "filling in the gaps" for my son. He can work at his own pace and continue learning throughout the summer. We are going to continue with these books throughout the school year. I would highly recommend these books to any parent who wants to help their child make major improvements in reading and math.

Kumon Workbooks are an excellent teaching resources and the children seem to grasp the concepts more readily. I would recommend all the resources that Kumon produces.

I love all the Kumon books! I ordered this book to keep my daughter abreast of her reading skills during the summer. She loves it! Clear, Concise, and straightforward.

Wish I started my daughter with Kumon when she was younger. She is 7 now and loves these books. My son who is 4 also loves his Kumon workbooks. Thank you!

good for children who have an innate drive.
