## Customer Reviews

Not bad set. Would have been better if all individual cards and not front and back. Also a bit thin. But is helping to teach numbers.

These are great flash cards to work on number recognition with my four year old. Cards are a bit thin, but work great for our purpose.

These are perfect. My kindergartener loves the colors & I love that they have the number as well as the printed words.

Nice cards. Would've been nice if both sides were the same colors and materials instead of 1-50 being nice and shiny and everything else being a flat purple on the back of the cards.

Kiddos truly enjoys the cards, numbers are big enough.

They will work great for my niece and my own daughter when she gets old enough for them.

These are pretty good cards but they do bend easily otherwise it's very good

great!
