Customer Reviews

This volume contains the Seicho and Shutoku games from the Inter High prelims. I love Shutoku (OK I love every Generation of Miracles team, but Shutoku is my #1, followed by Team Aomori for whom we see a brief preview in V4). The games are super exciting and there are plenty of funny moments across all the teams. The art is not as good as it will eventually be in this series but I can see improvements over volumes 1 and 2.

Volumes 3 and 4 cover two epic games for Seirin: advanced teams from Seicho and Shutoku schools. Both teams have an edge and are considered the North and South Kings. In order to win, Seirin will have to pull out a full surprises of their own - and rely on more than Kuriko's speed in the

process. At the same time, they have to find the stamina to survive two very tough matches. Kuroko's Basketball continues to be an enjoyable sports themed manga. The characters are exuberant and lively without ever really taking themselves too seriously. Fujimaki knows how to draw out the anticipation and enjoys throwing in the shounen staple of 'power ups' for the characters. This volume introduces some good adversaries for our crew (including one who can actually 'see' Kuroko wherever he is!). One thing is for sure, the games will be very close. Reviewed from an advance reader copy provided by the publisher.
