“Night night, boys, Night night, girls, Night night, God, and night night,
 world, the story ends in Amy Parker’s children’s book, Night Night, Train.~ What ~At twenty pages, this board book with a padded front cover targets
 children ages three to five years old. With no scary scenes, it is a nice story about a train with a
 family of dogs that heads to Sleepytown. Full page color illustrations of the animals on the train
 cover the pages. Written in rhyme with some complicated wording, this tale involves a dog family of
 six boarding a train and getting a ride to bed while on it. With the furry pets getting tickets and
 entering the train, they find their seats, share a meal, read a book, take a bath, get into their
 pajamas, pray to God, climb into bed, and get a good night’s sleep, knowing that
 God is in control.~Why ~Having two granddaughters who are ages four and one years old, their
 routine is similar to this book in that they take a bath after dinner, read a book, and then get tucked
 into bed. I like how the book involves a train ride to bedtime and God loving us. The puppies are
 cute and adorable.~ Why Not ~Those who do not like books that mention God may not approve of
 this book, but He is mentioned only three times. Some may not have the same bedtime routine as
 the book explains.~ Wish ~There is nothing I would change about this read.~ Want ~If you are
 looking for a book to read at bedtime that is short and sweet, this one may gently rock a child to
 sleep as it chugs along the bedtime rails. Thanks to Book Look Bloggers for furnishing this
 complimentary book that I am freely reviewing.

Night Night, Train by Amy Parker and illustrated by Virginia Allyn, is a sweet story that can help lull
 little ones to bed. The story begins with a family of dogs getting aboard the night night train to
 Sleepy Town. On their adventure, we see the family taking part in activities most families would like
 having dinner, reading a favorite book together, taking a bath, brushing teeth, and evening
 prayers. The book is written a rhyming way that flows quite well when read-aloud. Some of the text is
 displayed in a playfully illustrated manner on the pages. You could read the story as a whole or just
 the playful text. Either way, I found the story is well received. I feel the length is just right for a
 bedtime story for toddlers and kindergarteners depending on their attention span. But if a little
 one can’t find another wink, I suggest just reading the playful text. The illustrations are a delight to look
 at. You can make a fun game and search for the little mouse which appears on almost every page
 while the story is being read. The coloring, lighting, and coziness of the pictures is absolutely perfect
 for a bedtime story. I adore that at the end of the book there’s a reminder of God’s love and care. To
 rest easy knowing God will keep them safe is perfect. My 14-month-old daughter loves listening to

me read and we've made story time a part of our every evening. She took to this book right away. She always picks it up for me to read to her and often I find her looking at it all on her own. The book is recommended for ages 3-5 but I feel it's great for the younger crowd too. Overall, this is a sweet book that's great for both boys and girls. I love that it's offered in board book-format as I know it will be read again and again. This format is also easy to keep clean or to take along when a child may be away from home and needing something familiar to help them fall asleep. I received a copy of this book from BookLook Bloggers and have chosen to write this honest review.

"Night Night, Train" by Amy Parker is an adorable children's bedtime story book. It's a sturdy board book that is beautifully and brightly illustrated. I think it would be great to read to infants on up to preschool age, and when they're old enough, I think young readers will enjoy reading this with mom and dad right before bed as well! All the characters are animals, from the adorable puppies on the train, to the kitten train conductor. As the engineer drives through Sleepytown, all the passengers say "night night" to everyone and everything they pass. They eat together, take baths, and read stories before going night night, making this a fun book to establish nightly routines for young ones! I look forward to adding this to my newborn's little library. This book is not overtly christian but it does mention how God loves us and cares for us through all of our daily routines and life. I received this book free from the publisher through the BookLook Bloggers book review bloggers program. I was not required to write a positive review. The opinions I have expressed are my own.

Night, Night Train by Amy Parker is such a cute book intended for toddlers. Parker combined together what most young boys love into one book- trains and puppies. In this board book, a family of puppies goes through a bedtime routine as they prepare to sleep for the night. The routine is on every similar to what the toddler would do- bathing, getting pajamas on, brushing teeth, and prayers. It is the absolute perfect book to read at night to a 2-5 year old. Night, Night Train is a very engaging book in that the illustrations by Virginia Allyn are vibrant and detailed. Each drawing contains a lot for the young eyes to look at. Bold and beautiful colors make the drawings very appealing. The book is sturdy with thick pages that won't rip easily. I strongly see it turning into a family book that will be cherished for many years if not decades. We received this book from Book Look Bloggers in exchange for an honest review.
