LEVI (Levi H. Dowling) was born May 18, 1844 in Belleville, Ohio. His father, of Scotch-Welsh descent, was a pioneer preacher among the Disciples of Christ. Levi, following in his father's footsteps, began preaching at the age of sixteen; and at the age of eighteen was pastor of a small church. He entered the US Army as a Chaplain and served in this capacity to the end of the Civil

War. By 1866 he was a student at Northwestern Christian University in Indianapolis, Indiana where he soon began publishing Sunday School literature. After graduation, he studied at two medical colleges and went on to practice medicine for a number of years. After his retirement from medicine in the early 1900 s, Levi resumed his literary work and began to organize THE AQUARIAN GOSPEL OF JESUS THE CHRIST for publication. Levi passed from earth-life on August 13, 1911.

All the reviews that have been written about this book are excellent, however, they do not hit on the spirituality of the book. There are soooo many mysteries that have been revealed from this story. For instance, there is a connection between this book, the New Testament Gospel of John, and the Five Books of Moses. If the church leaders were to preach this One mystery, mankind could have a better world or be thrown further into chaos. You really have to connect with your spirit to find the hidden mysteries in this Book and the Bible. I missed everything the first time I read this book and I went on to reading other sacred texts, which brought me back to this book for a second reading where all the mysteries were opened up to me. May all Who read this book be blessed with the Breath of the Holy Spirit.

A Technical Note for the Kindle edition of this book:Highly recommended - The Table of Contents is nicely detailed,There is a very informative chapter about Levi Dowling, and a chapter written by his wife as well.Even if you don't believe in, or are wary of "channeled" matter - I hope you will consider reading this book with the focus on the value of the contents. IMHO, these relatively newly revealed apocryphal scriptural stories of the Gospel of Our Lord Jesus Christ are well worth reading.Having read this book a number of times, I am very pleased and grateful to have the well done Kindle edition, as well as this edition in paperback.This edition is as close to the original published in 1906, with only minor punctuation and verbiage updated and standardised for clarity.I am aware that some folks are under the impression that the book was originally published posthumously ... this is incorrect: yhevfirst publication was in 1908, and Levi passed in 1911..Spiritually: for many, this book is a Revelation of Jesus more substantial, and with far greater mystical depth than those of the Biblical Gospels.In my humble opinion, it is these factors that largely contribute to the sense of this book as true Revelation.The foundation this book lays is the thread of unveiling mysteries-revealed ... and creates within many, including myself, transformative experuence of real relationship of us little humans and God Himself.Allegorical Truth? Yes! History? Absolutely!Was Levi H. Dowling a madman? You bet! He was absolutely mad over God!May your life be blessed by the Jesus Who awaits our Love, Faith, Trust, and beauty so wonderously present in the pages of thus Gospel!

As a constant seeker of the truth, I am so happy to add this important book to my collection. If you ever feel like Jesus called and wants his religion back, this is a great book to get your spirit back in the right place. Christ is the light within each of us, that eternal divinity that shines in our souls. Jesus became pure light and teaches us to tap in and do the same. No groveling is needed to get to, or be with Source (God). No Shame or guilt is necessary. The origin of the word sin means to be out of balance with yourself, to be off your correct path. Let him who has ears to hear, hear and eyes to see, see.

This is another book that is not for everyone. It's a good read, but one must use discernment. It answers some of the questions and fills in the blanks to what is missing from the Bible, but then leaves more questions and room for doubt. Please be advised it has been said that the writer of this book channeled the information by going into the Akashic records. So it's not viewed as the "word of God" For those of you who are familiar with Akashic records and the practice keep that in mind while reading the book, and for those of you who are not familiar with the term, it may not be for you. If you're interested in broadening your library and having more to discuss this is the book for you.

Very good read, I'm not even finished with it and already I feel the need to comment. A striking feature to this "gospel" is the very probable idea that the young boy Jesus would have been utterly opposed to the ritual sacrifice of innocent animals to "atone for sin". Such an act is an egregious commission of cruelty, thereby being a sin of itself. This belief of his might very well have contributed to the opposition he faced on the part of the Jewish clergy who were in part responsible for his own....sacrifice. What is striking about the New Testament is the omission of Christ's opposition to ritual blood sacrifice. Not even word mentioned, though at some time in the past, it very well could have been; that is, until certain interested parties decided to make revisions based upon their own ideological desires.

This book should be required reading for anyone in the Western world. OR Eastern for that matter. Everyone can benefit from reading this inspired account, as they would find themselves very possibly on a new path of enlightenment, should they be open to it!

Nothing short of excellent! It "feels" like a more accurate and complete read than the translations available today. The information in the introduction is "jaw-dropping" all by itself.

If You are a born again Christian or a Jew then this book is a must read! I will not disclose the GREAT SECRETS that lay inside this Book it will take your Spiritual knowledge to a new high level of light and understanding!
