DK Eyewitness Books: Ancient Rome

Synopsis

In Eyewitness: Ancient Rome, travel back in time and discover one of history's most remarkable civilizations – from its vast empire and astounding engineering feats to the menu at a Roman dinner party. Explore the inside of the Colosseum and the battles that were fought within. Images and supported text throughout the book showcase the pottery, weapons, and other objects Ancient Romans left behind, the architecture they created, the gods they worshiped, family life, transportation, travel, trade, and more, giving an eyewitness account of this incredible empire. Each book retains the stunning artworks and photography from the groundbreaking original series, but the text has been reduced and reworked to speak more clearly to younger readers. Still on every colorful page: Vibrant annotated photographs and the integrated text-and-pictures approach that makes Eyewitness a perennial favorite of parents, teachers, and school-age kids.

Customer Reviews

My granddaughter had just finished studying a unit about Rome in 3rd grade and was thrilled to get this book for Christmas. She loved being able to point out the items she had learned about.

Informative, easy to read, great pictures.

all good

I needed to learn a lot about ancient Rome in a short amount of time for a project I was working on. DK Books are usually really good and showing a lot of pictures and getting a lot of information across in the least amount of technical text. This book did not disappoint. You're not going to find a lot of history on different emperors, but you will find tons of information on roman lifestyles, and that is what I needed. I was able to read it all in a single sitting.

Kids just love the DK Eyewitness books, I do too! They are richly illustrated and can hold the attention of both kids and adults. I often curl up and read them before gifting them to the kids

great for elementary kids. not suitable for older high kids. bright pictures and shows every aspect of ancient roman life.

Written for younger students, nice easy overview of the Eternal City.

As expected
