Automotive Engines: Theory And Servicing (9th Edition) (Automotive Systems Books)

Synopsis

Prepare tomorrow's automotive professionals for success. *Automotive Engines: Theory and Servicing, 9/e*, covers the practical skills that students must master to be successful in the industry. From shop safety and environmental and hazardous materials, to engine assembly, engine installation, and break-in, readers learn the specifics of automotive engine rebuilding, machining, and repair in a new edition of the text long-recognized as a leader in the field. Formatted to appeal to today's technical trade students, Halderman uses helpful tips and visuals to bring concepts to life and guide students through the procedures they'll use on the job. This book is part of the Pearson Automotive Professional Technician Series, which provides full-color, media-integrated solutions for today's students and instructors covering all eight areas of ASE certification, plus additional titles covering common courses. Peer reviewed for technical accuracy, the series and the books in it represent the future of automotive textbooks.

Book Information

Series: Automotive Systems Books

Paperback: 608 pages

Publisher: Pearson; 9 edition (January 13, 2017)

Language: English

ISBN-10: 0134654005

ISBN-13: 978-0134654003

Product Dimensions: 8.4 x 1 x 10.6 inches

Shipping Weight: 2.8 pounds (View shipping rates and policies)

Customer Reviews

Jim Halderman brings a world of experience, knowledge, and talent to his work. His automotive service experience includes working as a flat-rate technician, a business owner, and a professor of automotive technology at a leading U.S. community college for more than 20 years. He has a Bachelor of Science degree from Ohio Northern University and a Master's degree in Education from Miami University in Oxford, Ohio. Jim also holds a U.S. Patent for an electronic transmission control device. He is an ASE certified Master Automotive Technician and is also

Advanced Engine Performance (L1) ASE certified. Jim is the author of many automotive textbooks, all published by Pearson Education. Jim has presented numerous technical seminars to national audiences, including the California Automotive Teachers (CAT) and the Illinois College Automotive Instructor Association (ICAIA). He is also a member and presenter at the North American Council of Automotive Teachers (NACAT). Jim was also named Regional Teacher of the Year by General Motors Corporation and a member of the advisory committee for the department of technology at Ohio Northern University.
