Rand McNally Classic United States USA And World Wall Map Set (Laminated)

Customer Reviews

Classy looking map. I mounted with Loctite spray adhesive on a white, thick board from HD that I had them cut to the same size as the map, then I used command strips to hang on the wall.

While the map is beautiful and I love the colors, the laminate is so thin, that it ripped (as if I cut it with scissors) when I tried to tack it to the wall. It also came damaged. The box it was in was smashed and the maps have creases where they were smashed in. With the laminate, it made the creases even worse. The packaging could have been better. Something to protect the box from getting smashed or put it in one of those poster rolls! Especially for the money one pays packaging should be better. But besides that, the maps are beautiful. They are large. larger than what I expected even. I just wish for 2 things: Higher quality laminate (something a little more thick). And better packaging.

Larger than I thought it would be but works great. Comes rolled so needs to spend a day or so rolled the other way around so it'll straighten out.

Nice product

Beautiful maps!

Great maps, they look great mounted on the wall for easy reference whenever.

Maps are beautiful, but arrived bent. Disappointed.

Beautiful posters. We mounted them on old school poster hangers.
