# Beast Master: A Novel In The Nate Temple Supernatural Thriller Series (The Temple Chronicles Book 5)

## Synopsis

Nate's To-Do List: De-pants Ganesh. Drop-kick the Fae Queens in the chesticles. Shut down a Monster Circus. Rescue a Chimera. Oh, and host Friendsgiving for his guests - an Angel, Achilles, and Death, just to name a few... Easy-Peasy...The Beast Master has come to town, and he's kidnapping shifter kids for his show. But the Queens of Fae also want a little deep-fried wizard for the holidays. Oh, and Nate is losing that last finger-hold on his sanity: hallucinating, and talking to creatures that no one else can see. The demon inside of him is getting stronger, fighting for dominance, and only one of them can survive. But when Nate's extorted to rescue a lethal Chimera child from the Beast Master's Circus, Nate's only option is to partner with his inner demon, risking his very soul. But his friends begin to doubt and fear this new, darker Nate, taking matters into their own hands - even when that means standing against him. With allies turned enemies, the Fae breathing down his neck, and a dangerous child's life on the line, Nate must call upon, bully, and coerce new storybook legends and gods to save his traitorous friends from becoming the Beast Master's next victims... Discover what Nate is willing to sacrifice to save the friends who betrayed him.

If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the fifth installment of The Bestselling Nate Temple Supernatural Thriller series. Click or tap BUY NOW to jump into this snarky slugfest TODAY!

INTERVIEW WITH THE AUTHOR: Q: So, what makes the Nate Temple series special? A: I wanted to write a series of stories that mirrored the books I liked to read in my childhood. My top picks were usually urban fantasy, paranormal dark fantasy and, of course, books featuring your classic gritty, pulp-fiction heroes. Basically, anything with a lot of creepy crawly supernatural characters: legendary heroes, shifters, wizards, witches, and gods. You will find that my stories focus on the ancient myths, characters, and stories we all know, fear, and love. Then twist them up and toss them back like an empty beer can.

Q: What order should I read the books in? A: I've written the series with the intent that they should be read in order to get the full effect of the bigger picture; however the stories can be read in any order if you are looking for a quick, fast-paced romp through Adrenaline-ville. I suggest the following sequence: Obsidian Son Blood Debts Fairy Tale - Prequel (FREE to email subscribers) Grimm Silver Tongue Beast Master

Q: So, why should readers give these books a try? A: Because the Nate Temple series is a present day thrill-ride that takes no prisoners. Dragons, Angels, Demons, Greek Legends, Wizards, werewolves, and a whole slew of other supernatural - Freaks - abound in my stories. My books have hit the top ten bestsellers list on Kindle for Urban Fantasy and Paranormal. The plot twists and turns until the last page, and my twisted sense of humor will have

you laughing out loud at things you really shouldn't be laughing at. Nate Temple

## Customer Reviews

Every single time I think Mr. Silvers will never be able to write a better book than the one he just wrote, he surprises me every time. In this latest installment of the Nate Temple series, Nate is feeling all kinds of down as he has lost someone important to him to another family member, and he is dealing with his new power. Then, he is approached by Rufus who wants Nate to rescue his daughter from the Beast Master, someone who kidnaps Freaks and puts them in his show. Nate is willing but is put off when Rufus puts a curse on him. Now, in the process of finding Rufus's daughter, enemies are becoming close friends, close friends are becoming

enemies, and everyone thinks Nate is losing his mind from all the talking to

himself. Will everything get straightened out or will Nate lose everyone, including the one he thought lost to him at the beginning? Wow! I

don't know what I can say that I haven't said before. Mr. Silvers keeps getting better and better, and if Jim doesn't hurry up and start writing one of my favorite series again, he'll have to go by the wayside as there is so much goodness in this series to keep me entertained. The series to date is very well-written, the characters are so much fun, and the action is great. I really can't say enough good things. If you love urban fantasy, give this series a try; you won't regret it. Highly recommend!

If you haven't read this series, you are missing out! Every time I finish a book I think THIS one is the book that can't be topped.... Until the next one comes out. Mr. Silver delivers again, with a perfectly paced, unique and hilariously entertaining read. Awesome world building, character development, and Ganesh may be one of my new favorite characters. I can't remember the last time I stayed up all night because I literally had to finish a book. Pretty sure it was the last Nate Temple book release. Do yourself a favor and get this book! What are you waiting for?

If you love urban fantasy authors like Patrica Briggs, Kevin Hearne and Seanan McGuire with their epic world building and large cast of characters then the Nate Temple series is the next thing you should pick up. This is the 5th book in the series but the first 4 are FREE on Kindle Unlimited. If you prefer real paper books there's a box set of the first 4 to catch you up.. We start with Friendsgiving, complete with friendly mock war pre meal like your average American family playing some touch football while waiting for dinner. That happens to be prepared by Death so I wouldn't complain about lumpy gravy if I were you. We quickly end up with Nate once again in big trouble, a Beast Master come to town to rain all over everyone's parade running a circus with gladiator style pit fights featuring... children?!?!? No story is complete without a little romance, and Nate's love story with Indie will have you choosing sides. Love is a battlefield.

Everyone wants a piece of this guy, Nate Temple. His friends turn against him. The monsters that previously tried to kill him...well, they are his first string in a show down with The Beast Master. There are myths, monsters, legends and Gods in this story. And there's plenty of action. Plot twists, epic fights, a wizard that binds his power, healing houses with chicken legs, a trip to the Vault (what

does Nate really look like?) Nerf gun battles in Chateau Falco, Death (Yes, That Death) making a "friendsgiving" turkey dinner, The Fae Queens and Elders along with the return of Van Helsing, and the usual crew of suspects. This series just keeps on giving! So read this installment. Get hooked on the snark, the adventure and the action. Then go buy the rest of the series, and enjoy. You won't be sorry you did. Seriously, Shayne Silvers just keeps getting better and better at story teller & writing with every installment of this epic story! Is there a way to give a book more than five stars? Because this one deserves it.

Master Temple is back in a daring attempt to prevent dark forces from turning the lives of innocents in his city to ash. He must use finesse as well as leverage every relationship he has. The line is irrevocably blurred between friend and enemy and his very sanity is at stake in the latest installment of the Nate Temple thriller series. Find out why the freak community is on pins and needles when the Beast Master comes to town. You won't be disappointed once you get a peek behind center ring.

The latest in the series and it just keeps getting better. It includes lost loves that should stay lost, family issues, a circus you don't want to run away to, Nate Temple has his hands full. Add in a few Hindu Gods and the Fae, and our hero is having a very interesting time (in the Chinese curse sense of the word). Lots of action, snark and twists make this a very enjoyable read.

It's been said that no relationship can exist in a vacuum - Nate Temple is finding this out because all of his are starting to suck. His friends think he's going crazy, he's not sure he isn't and he has more bitches than a puppy mill mad at him. Add in Gods, Angels, Horsemen of the Apocalypse and fairies that would sooner take your teeth than leave you money and you have making of one epic adventure. This book takes Nate (and you) on a much darker journey than the previous books. While you could read the books in the series as stand alone's, this story definitely needs the background provided from the previous books. The adventure continues. . .

Shayne has out done himself with beast master. He expands his urban fantasy world dramatically while introducing new characters and developing old ones. The quips have gotten funnier and come from more characters than ever before. Several pop culture references are laugh out loud funny. Additionally he continues to grow the rules of the supernatural rather than just having some new power appear to save the day. No one wears a white or black hat in this novel and the gods are

suitably (and frustratingly) cryptic as they warn Nate about the future. I must admit, these are the only urban fantasy books I have read. I tend to read more of the epic fantasy authors but Shayne has created a fascinating world contained within, rather than separate, from our own.
