Colorado-born Kelsey Montague went to university in London and studied art in Florence. She gained worldwide attention after her huge, winged mural in New York inviting people to become living works of art and share what inspired them at #WhatLiftsYou went viral. Since then she has created large-scale murals around the world and become an Instagram sensation. Her work has been featured by "The New York Times", "Buzzfeed", "The Wall Street Journal, Forbes", MTV, "Mashable, " and Taylor Swift. Read more about Kelsey at KelseyMontagueArt.com.

Gah I love this book! I'm a big fan of Kelsey so was excited for this anyway, but when it arrives it really blew my expectations out of the water. So beautiful. This is a really high quality book

compared to other coloring books, including other adult coloring books. The cover is durable and it's made using really high quality paper. Probably my favorite thing (after the art) is that the almost square pages are perforated for easy tearing out - roughly 9x9. I'm planning to get some 12x12 record frames, mat my favorites and hang them in my apartment! Awesome for yourself, even better as a gift! Will be ordering more!

This is the best coloring book I have found! I have purchased other books, and liked them. But decided to purchase this book after seeing Kelsey Montague's wings mural in Nashville. I was so pleased when I leafed through all of the pages. I like to color in the other book I have, but when I look at this book, I just want to dive in! I think the designs in this book are way more artistic and pleasing to the eye. I am so excited to have found it! I bought one for me and one for my friend who will celebrate her birthday tomorrow!

Absolutely gorgeous coloring book, filled with unique images and inspirational pieces. Kelsey's interactive style comes out through an entire section of art that can be taken out of the book and used interactively- your own set of wings? Priceless! I can't wait to see Kelsey's next set of books, and where she'll take us!

Loving my new coloring books! I am not a particularly creative person but this is a wonderful creative outlet for me, regardless, and a great de-stressor. I have a 5 year old daughter who helped me rediscover how fun it can be to color, and now I can stop taking her books ;) I gave a few away as gifts and they were received with great delight, especially given this author's accomplishments.

Gave this book to an older niece for her birthday and she absolutely loved it! What a great addition this was since we both discovered this artist when we were wandering around Nashville, Tennessee and found her work on a wall. The book is a great conversation piece, but cool since my niece probably would do some coloring in it as well!

Very inspiring! I ordered several and shared with family and friends.

Yet another coloring book for my daughter, who colors to relieve stress (she works with mentally ill male prisoners). She says it's a great collection of images.

This is amazing! So much fun for me, but my 5-year old adores it too! I have to hide it from her!
Haha!
