The devotional book is great. Much better than I thought it would be. The first section is about dealing with a little sibling. Very fitting for a 3 year old with a new baby brother.

Good baby shower gift. Good idea to start a library for the baby!

Just right for my 2-1/2 year old grand daughter.

Do you have toddlers, little ones under 5? Do you struggle with sharing the story of God's truth and

love with these little ones? What if I could tell you how to share Bible truths in such a simple way that even the smallest child will understand? What if I could show you how you could help kids see God in the small, but important, details of their life? What if there was a way that you could show your toddlers how God loves them and explain, in real ways, how He cares for them and their troubles? Easy! It's done for you! Mary Gross Davis and Rose Publishing have created a series of devotional books for kids of all ages that does all this and more, even for two and three-year-olds. You'll find 4 parts to each devotion.

1. Each lesson begins with a simple story to read that little ones will enjoy and relate to. It helps them see God as real and personal. Each story is short and you'll find it easy to keep the attention of your toddler.
2. There is a simple prayer to encourage your child to talk with God about everything plus a Bible verse.
3. The 'Talk About It' segment provides some simple questions to reinforce understanding and help you child apply the Bible truth to their own life.
4. Last, there are some ideas presented in the 'Try This!' segment. It helps you continue to apply the story and Bible truth in a fun way. The suggestion may be to act out something, play a game, look for something special, draw or discuss some aspect of the story.

Last, the illustrations are bright and appealing. You'll love it. (Copy provided for an honest review.)

God in Me for Little Ones 2 to 3. A weeks worth of devotions for Girls ages 2 or 3 year old. Each day has a relevant lessons for toddlers; kindness, obedience, and sharing. Colorful illustrations cover the thirty-six pages using multi-cultural drawings and names are a welcome addition for Christian materials. After each story there are three or four questions for parents to engage the child in deeper discussions. A section called "Try this!" Gives children an activity to look at the pictures and count objects or compare characters hair and eye color; another lesson on differences and similarities. This is so important for our children today. My niece's daughters lived in El Paso and were often intimidated being the only white children on the playground or in the day care. Now they live in SC and my niece would welcome some diversity in their play groups. Simple prayers help children talk to God. The bible verses called "God's Words" are short usually 3 words; easily memorized and recalled. I received this pdf free from Rose Publishing Review Program. I was not required to write a positive review. The opinions I have expressed are my own. I am disclosing this in accordance with the Federal Trade Commissions 16 CFR, Part 255

I really like the pictures in this book and the message that they are sending. Unfortunately, much of

the words and the tone are not working for my family. We are not a very religious family, but we are very spiritual, we believe in God and we are in alignment with the principles of kindness and sharing, overcoming fears/trusting, and being thankful... My girls were just completely disinterested in the story. It seems to work better for us to engage more senses in our discussions rather than just telling my girls to be kind. It could be an age thing. Rather than just "do the right thing", they tend to respond to our discussions that are more like, "what does kindness feel like to you? What does it look like on someones face? How does it sound in a voice?" this engages their senses and makes them interested and then the story works. Just because God wants it is a bit too abstract for them at this age. I like that there are questions to help the conversation.
