Customer Reviews

Mark Hayes is an effective and creative arranger/composer. These are well written with sometimes challenging accompaniments since Hayes is a fine pianist himself! These solos are useful for performance or as literature for teaching

Mark Hayes has created some wonderful arrangements for these spirituals. Very tasteful -- not cheesy like some arrangements can be. The piano parts are often rich and jazzy. As a bass with a good baritone high end, I have no trouble singing in the range that these have been set. Make sure to get the book with CD. The CD has just the piano accompaniment -- perfect. I bought this book along with Mark Hayes' "7 Songs and Spiritual Songs". The other book is good, but with more of a show tune sound. I prefer this book.

I highly recommend these Mark Hayes arrangements for spirituals. I have the medium low voice but they come in a high voice version as well. Hayes' arrangements are modern while staying true to the originals producing a simple but beautiful interpretation of these favorites. There's something for every singer here.

Very original settings of significant tunes. This is Mark Hayes at his best. Our congregation is moved greatly by the text and music in this collection.

Excellent.

Mark Hayes is an amazing arranger. Check his music and it will fit any repertoire. Also available for other voices.

This book has a nice collection of songs. I like the groupings. It is fun to sing these songs and the accompaniment works well.

Love this collection and the accompaniments are beautifully and creatively arranged. The CD is great - although some of the pieces are REALLY fast! Highly recommend.
