Grandson loves!

Beautiful pictures, lots of information that can be adapted and simplified for younger children and

promotes learning for older kids as well. Got this for our 4 year old grandson who is interested in jobs people do. Men and women are used as examples which I love for boys and girls!

Great condition.

New book. Used to replace lost book at the library. Came quickly to my home

Wonderful way to introduce kids to different workers, all different, all important. Happy to add this to my collection.
