Precipice

Synopsis

In 1969, teenaged heiress Kimberly Martin enters a seedy Georgia bar, desperate to end her haunting dreams of alien abduction—but she instinctively knows they are more than just dreams. Aliens are preparing her womb for an implanted hybrid and she has a plan she hopes will stop them, but Kim has no idea that her act of defiance is about to unleash a stream of events that will catapult her and others to the precipice of a plot to take over the world. Kimberly's brother, Benny, learns that Kimberly is a candidate for insemination and he must shepherd Earth's people to a new dawn. Sarah Matheson is visited by what she thinks is an angel who performs a strange procedure on her. In Illinois, Chris Altenbrook walks away from a potentially lucrative athletic career to enter the priesthood without any idea of what lies ahead. Precipice is a fast-paced adventure of attempted murder, Vatican intrigue, world domination, and cosmic conspiracies as three families uncover the powerful truths that await this generation.

Customer Reviews

TC Joseph is a recently retired executive from a global consumer products company. He combines his lifelong passion for Bible prophecy with his rich and varied life experiences to create his compelling characters. TC currently resides in the Great Lakes region where he enjoys time with his family.

Good story line and good character development BUT I would not say this is a "christian fiction" book. Very graphic in some places and crude. The author showed the good and bad side of priests

and pastors but when it came to the enemy, which in this book was aliens, they could do whatever they wanted to whoever they wanted and God was nowhere to be seen. My bible says "Greater is he that is in me than he that is in the world". This author reversed that. I don't know if I am going to continue in the series. If I do, then I will just look at it as a secular book.

Mr. Joseph did an excellent job in combining speculation on aliens, hybrids, the Vatican, and fundamental Christianity into an intriguing story. I could not put it down. Characters were well-defined and engaging.

What a page turner! I had a very hard time putting this book down. I agree that some of the characters' relationships came off as a bit cheesy in the beginning of the book, but that definitely went away as the plot developed. I can't wait for Pentecost to be delivered. *~f~c~ -~ -~ • Great job Mr. Joseph!*

Religion, sci-fi and world order... Huh? Oh yes, and together they make for a great read filled with characters that you are sure to love, like and hate. And, if you have a curious mind like mine and Google everything, you'll note that Mr. Joseph has done his research and what looks like fiction may not be too far from the truth.

Very well written to pull in all the ways people are affected by possible end days scenarios.

Great series of books - read 3 of them in 3 days.

Great book - highly recommend.

Couldn't put this book down after the first few pages. I was captive almost immediately! Such fun! I keep casting the movie in my head. Great job TC! Loved it.
