It's been pretty much standard for the last 20 years for most of the big companies like Schirmer and Dover to bind their publications with cheap glue binding rather than the strong, durable sewn binding that they used to decades ago. Binding is particularly important with sheet music books because of several factors including the book's capacity to *remain* open while being used and its ability to keep the pages fastened and from falling out. With that out of the way, this book is the only collection I know of that contains all of Brahms' own arrangements for solo piano of Hungarian Dances 1-10 (he did not arrange for solo for 11-21, but for 4-hands and orchestra only). The dances and everything else in this book is arranged in numerical order, fortunately, and like most of

Schirmer's publications it's easy to read and clear notation. It loses a star because of the cheap binding, which I'll admit is not the worst glue-based binding I've seen so far. Fortunately, it is not that hard to keep it open w/o clips or the like, so not too many things wrong with it.

The content is great, the cover is good....but, I opened the book and pages began to fall out.....Also - I strongly dislike music printed on white paper....rather than cream colored. Besides the annoyance of being printed on white paper, the notes are not crisp - they are blurry. The quality of this book is CHEAP. I'd rather have an old used copy.
