Journey Through Ash And Smoke (Ranger In Time #5)

Synopsis

Ranger is a time-traveling golden retriever with search-and-rescue training. In this adventure, he goes to Viking age Iceland, which proves to be tough terrain for Ranger to navigate. Usually it's Ranger's job to save the day before he can return to his family, but he meets a girl named Helga who rescues him more than once. And when a nearby volcano threatens to erupt and Helga's new baby brother or sister starts to come early, they must journey through ash and smoke to find Helga's father. But if Helga doesn't need Ranger's help, how will he ever get home?

My 8 year old granddaughter really loves this series of books. For any child who enjoys reading historical fiction, these books are great.

My 6 year old can't get enough of these books and has read all of them atleast twice. If your child

loves dogs with some adventure you really should give it a try.

My grandson loves the whole series, Im on the list for future publications, great gift for a 7 year adventurous boy.

I have purchased the whole series of "Ranger in Time" for my Grand son. He enjoys them very much. He literally devoured the last one I bought for him. He read it all in one day. These books are a great introduction to chapter books for the young reader.
